Dear Vickie and Jimmy

The tape came Friday (27th) and we will play for Deane the nice things you said about her. The post card came yesterday and your trip sound wonderful. We are going over to Mary's this afternoon and stay with Deane as Mary and Mike are going out. Deane had a terrible ear ache Friday but after seeing the doctor and taking penicillin it doesn't hurt her now, but she has to take some medicine that she doesn't like.

Mary runs every morning and is also busy working on their income tax. She starts her class Tuesday which will be on Tuesdays and Thursdays. Deane is starting her spring vacation so the timing is perfect since we are here. When we are in London, Mary will get home from ^{her} school before Deane gets out of school which is three o'clock.

Caroline was here to testify on Tom's trial and spent one over night with Mary.

Saudi will be staying there after Dick leaves and she is leaving her ticket open. You will need a vacation after we all leave.
